

The Pothole Pit

As soon as the weather improves and our crews can turn their attention from snow clearing to other priorities, pothole repair begins.

What conditions are required to work on potholes?

2012

2013

To date
2014

Potholes repaired by month 2012-2014

	2012	2013	2014
January	281	221	422
February	573	587	595
March	493	133	814
April	415	431	992
Total year	3,587	3,464	2,823

Who's out there?

On any day, the City has up to 8 crews involved in pothole repair. They work up to 12 hours a day, 6 days a week.

Since the start of 2014:

- 1,272 potholes have been reported through Access St. John's
- We've identified and repaired 2,823 potholes
- That's 2 times more than last year, and 1.6 times more than the year before

If you see a pothole call Access St. John's at 311 or 754-CITY (2489)
