What is National Child Day/World Children's Day?

On November 20, 1989 the United Nations adopted the Convention on the Rights of the Child, a promise to protect and support children, globally. As a result, UNICEF recognized and launched World Children's Day to build a world where every child is learning, safe from harm and able to fulfill their full potential. Canada recognized November 20 as National Child Day and the City of St. John's has been celebrating the rights of children for 20 years. On November 20 we are encouraging everyone to wear blue **#GoBlue** to bring awareness of children's rights around the world. Watch the **#GoBlue** video and sign the petition on the UNICEF website to call on world leaders to acknowledge the rights of every child. <https://www.unicef.org/world-childrens-day>.
