

The HIGH FIVE Experience

HIGH FIVE® provides parents with the ability to choose organizations that are continuously enhancing and improving the quality of their programs.

The City of St. John's Recreation Division has integrated the HIGH FIVE® Principles throughout our policies and procedures, hiring, training and evaluation processes. We take great comfort and pride in knowing that our approach to service delivery is based on sound research and proven industry standards.

We train our staff in HIGH FIVE® Principles of Healthy Child Development.

Your child will have the opportunity to experience:

1.Participation: fair opportunities for everyone.

2.Play: just having fun!

3.Mastery: learning new skills and being successful and physically active

4.Friends: opportunities to make and build friendships.

5.A Caring Adult: an instructor or coach who shows warmth and genuine interest in all the children.

**We Have Achieved the National Standard of 'EXCELLENCE'
in Quality Recreational Programming for Children and Youth**
