1. **Public WiFi Expression of Interest**

Mr. Keith Barrett, Director of Corporate Services was present to discuss the above noted matter. A Decision Note dated September 25, 2015 prepared by him and the Director of Strategy & Engagement was also considered. The provision of Wi-Fi services is becoming core infrastructure for many cities throughout North America. Staff has also conducted a preliminary jurisdictional review to understand the parameters other cities have established when rolling out this technology. There is a wide variance among the models reviewed so far, some of which are revenue neutral while others are a revenue source. Staff noted that the issuance of an Expression of Interest would not mean the City is committed; however, it will inform the City of the options that are available and which ones best suit the City's purposes. There may also be opportunities for public or private partnerships as well as pilot projects to see how things unfold.

Moved – Councillor Breen; Seconded – Councillor Hann

That the City proceed with the issuance of an Expression of Interest for public WiFi .

2. **Information Note re: Roadmap Year Three Refresh**

The Committee considered an Information Note dated October 6, 2015 and prepared by the Director of Strategy and Engagement, regarding Roadmap 2021 and adjustments to the Plan following a three year review.

Moved – Councillor Breen; Seconded – Councillor Hann

That the goals and actions as defined in Roadmap 2021, though still relevant, be amended to include the action items listed in the tables in Appendix A attached.

3. Decision Note re: Business Registry

The Committee considered a Decision Note dated September 14, 2015 approved by the Director of Strategy & Engagement to seek a decision as to whether or not the City's Business Registration system should be continued.

Moved – Councillor Breen; Seconded – Councillor Hann

That the following be approved:

- **The City discontinue the Business Registration system effective immediately and communicate such to relevant city departments and external stakeholders;**
- **The City begin discussions with other stakeholders including the Government of Newfoundland and Labrador, business associations, and other municipalities as to how a collective, and perhaps province-wide approach, may achieve better results.**

4. City-Business Semi- Annual Session

The Committee considered a Decision Note dated September 30, 2015 prepared by the Director of Strategy and Engagement requesting direction in relation to the Semi-Annual City Business Organizations Roundtable. Also considered was the document "*Guiding Principles – Working Together to Improve Planning and Development*" prepared by the St. John's Board of Trade. Roadmap 2021 specifically identifies the need to build better relationships and facilitate dialogue between City Council/staff and local business organizations.

Moved – Councillor Tilley; Seconded – Councillor Breen

That Council approve the concept of a semi-annual City-Business Organization(s) Roundtable.
